

# WEBER BASIN DROUGHT RESTRICTIONS FOR SECONDARY WATER

## Metered Customers

- Metered customers can water any day of the week, as long as they stay within the weekly allotment according to the [customer portal](#).
- Usage over weekly allocation will result in a violation.

## Unmetered Customers

- No more than ONE watering per week. A watering equals 20 minutes per zone for overhead sprays, and 40 minutes per zone for rotors. For questions about what type of sprinkler head you have, please reference our [Sprinkler Type Reference Guide](#).
- One day a week hand watering of established trees and shrubs.
- Watering days for unmetered customers are determined by house number. Watering outside of assigned day will result in a violation.

House # Ends In	Assigned Day
0 or 2	Monday
1 or 3	Tuesday
4 or 6	Wednesday
5 or 7	Thursday
8 or 9	Friday

- Delayed charging of the secondary irrigation/agricultural system to mid-May.
- No watering between 10:00 AM and 6:00 PM.
- All new landscapes must adhere to our watering restrictions.
- No hosing down sidewalks or driveways
- Agricultural contracts will be reduced by 40%.
- Wholesale and retail secondary irrigation contracts will be reduced by 60%
- Wholesale culinary contracts will be reduced by 10%, with additional reductions proportional to the volume of culinary water used for outdoor irrigation.
- District groundwater replacement contracts (Wells) will be reduced by 10% for indoor uses and 60% for outdoor uses (1 day a week waterings).
- Early shutoff of secondary irrigation/agricultural system in mid-September.

Please note we are constantly reviewing forecasted runoff projections, soil moistures, SNOTEL data and other pertinent information to ensure the water restrictions are ultimately implemented are reflective of actual conditions. The above noted restrictions are subject to change.
